Railroads Seek Dismissal of Tax Ruling Appeal

Lawyers for 12 Madison county railroads Thursday filed a motion to dismiss the tax objection appeal of 14 county Supreme Court, alleging it is an improper attempt to obtain an review of jurisdictional issues already decided.

Burton Bernard, Granite City attorney representing the school systems as a special assistant state's attorney, handled the original and second appeal on 1967-1968 railroad tax objection refunds. The first appeal was not heard for lack of jurisdiction.

Bernard has told the school districts he feels there is a valid basis for a second attempt to overturn a circuit court order that railroad railroads taxes.

The railroad attorneys' motion says that the equal protection and due process clauses of the 14th amendment to the U. S. constitution, key elements of the appeal, do not protect the state or any of its subdivisions.

"It is the locally assessed taxpayer against whom the discrimination is alleged to exist, and they are not parties and do not prosecute this appeal," the railroads said, adding that only those aggrieved by an alleged violation of the 14th amendment are entitled to claim its protection.

The motion disagreed with Bernard's contention that the courts did not determine the value of non-railroad property. The railroads' original objections said their property was assessed at a higher level than other property.

Return from Funeral Of Mrs. Zada Hansen

Mr. and Mrs. Jack Taylor, 124 Primrose avenue, returned Thursday from Marble Hill, Mo., where they attended the funeral of her mother, Mrs. Frank (Zada) Hansen, 83. Burial took place in the Bollinger County Memorial Cemetery near Lutesville, Mo.

Residing near Marble Hill, Mrs. Hansen died suddenly Nov. 25 while visiting a granddaughter in Cape Girardeau, Mo.

Also surviving are two sons, Lee Hansen, Cape Girardeau, and Floyd Hansen, Lutesville, a Granite Cityan until this summer; 10 grandchildren, 16 great-grandchildren and two great-grandchildren.

Dense Smoke on Bridge Endangers Motorists

Dense smoke that engulfed the west end of McKinley Bridge Friday morning and made driving hazardous was reported to St. Louis air pollution officials by the Venice police department and by Henry McMullen, manager of the bridge.

McMullen alleged the heavy smoke came from the vicinity of the McKinley Iron and Metal Co. located below the west end of the bridge structure. The smoke mingled with the humid atmosphere to cut visibility to zero. Many motorists complained of the condition at the bridge toll gate.

Speeding Charges

Richard Heatherly, 2145 Monroe street, and Phillip Laswell, 2600 Cayuga street, were arrested for speeding at 1:55 a.m. Sunday at Ponton road and Mitchell avenue. James McMurray, 1668 Fifth street, Madison, was booked for speeding at 1:35 a.m. Saturday at Lindell blvd. and Nameoki road.

Ruling on Promptsness

The Illinois Supreme Court ruled Friday that sheriffs take prompt action in starting forfeiture proceeding leading to the sale of autos used in committing crimes. The decision held that a 105-day delay in selling a car used to transport gambling material was too long to meet the statutory requirement of promptness.

Mrs. Anne Hager, 48, Succumbs in Hospital

Mrs. Anne Hager, 48, Caseyville, who was born in Granite City and moved to Caseyville eight years ago from Fairmont City, died Friday morning in Barnes Hospital, St. Louis. Survivors include her husband, Spencer Hager, a daughter in East St. Louis, a son in Collinsville, four sisters, one brother and six grandchildren.

Funeral services were held at 9 a.m. today at Holy Rosary Church, Fairmont City, with burial at Mount Carmel Cemetery, Belleville.

Faced Conduct Charge

Walter Rowdell, 20, of St. Louis, was arrested by Madison police at 1:20 a.m. today on a disorderly conduct charge. Rowdell, who was picked up at Third street and Washington today, posted \$50 bond pending a magistrate hearing Dec. 13.

Adolph Lampe, 64, Patternmaker, Dies

Adolph E. Lampe, 64, of 2307 Wayne avenue died at 7:15 a.m. Friday at St. Elizabeth Hospital, where he had been a patient nine and a half hours. He was a patternmaker at General Steel Industries.

Born in St. Louis, Mr. Lampe had resided in Granite City 55 years. He was a member of the Patternmakers' union and St. Margaret Mary Catholic Church.

He is survived by his wife, Mrs. Augusta Lampe; a daughter, Mrs. Phyllis Tomlinson, Granite City; a son, Jerome Lampe, Maryville, Ill.; one sister, Mrs. Emma Gobble, Granite City; one brother, Paul Lampe, Granite City, and 14 grandchildren.

Services were held at 10 a.m. today at St. Margaret Mary Church, with burial following at Calvary Cemetery. An obituary notice is given elsewhere in this issue.

Niedringhaus Collision

Eastbound autos collided at 11:25 p.m. Friday, damaging the front of the car of Charles F. Kennerly 44, of 2506 Sheridan avenue and the rear of the auto of Earl Hopkins, East St. Louis, who had hailed at the Niedringhaus avenue railroad crossing. Kennerly was charged with following too closely and intoxication.

Car Hits Rail Signal

John A. Harper, 19, of 1312 Twenty-fifth street was arrested for driving while under the influence of alcohol at 2:30 a.m. Saturday when the front of his northbound auto hit a railroad signal at the Edwardsville road railroad crossing south of 20th street. The car was towed from the scene.

Suburban Baptist Church Honors GCHS Lettermen

Football and cross country lettermen from Granite City high school's varsity athletic teams, together with their coaches and school administrators, were honored Thursday evening at a unique sports banquet, hosted by the Suburban Baptist Church.

The dinner was one of the few occasions that Granite City high school athletes have been so honored by an outside group in recent years.

Approximately 75 church members and guests attended the affair, held in the fellowship room of Suburban Baptist Church at St. Clair avenue and Maryville road.

Principal speaker for the evening was Southern Baptist Evangelist Warren Littlefield of Minneapolis, Minn., a former football star at Southern Illinois University. Bill Terrell intro-

duced the guests and served as master of ceremonies. Rev. Wendell Garrison, pastor of Suburban Church, paid tribute to the high school lettermen, saying "We salute you as a team, your coaches and administrators. We want you to know that our church appreciates you as athletes and we feel that Granite City is a better place to live through your participation in athletics."

Among the guests were: Head Football Coach Jim Morrison, assistant football coaches, Tom Wyrostek, Gordon Galbreath, Stan Wojcik and Bob Stegmeyer; Athletic Director Richard Yates; Supt. of Schools B. J. Davis; Assistant to the Supt. Frank Kraus; High School Principal Lawrence McCauley; and Rev. David Richardson, minister of education and music at Granite City Third Baptist Church.

\$205,831 in New Buildings in Two Area Townships

Seventeen building permits with values totaling \$205,831 were issued for new construction in Nameoki and Chouteau townships during November, according to Jack Clifford, Madison county building official.

Nine were in Nameoki township with values of \$141,500 and included seven new homes. Eight were in Chouteau township and included four new homes.

Obtaining permits for homes in Nameoki township were Rus-

He has been in the engineering and construction contracting business since his graduation from Tri-State College, Angola, Ind., in 1950. He has held various supervisory engineering posts with construction companies in Illinois and Missouri. He is the son of Mr. and Mrs. Oscar Francis, 2771 Madison avenue.

W. Madison Man Dead Of Gunshot Wound

Fred Wiley, 50, of 816 Washington street, West Madison, was found dead of a gunshot wound, lying on a bed in his home at 9:30 a.m. yesterday.

A .38 caliber pistol was found in his hand. It had been fired once. An inquest will be held. Wiley was taken to an East St. Louis funeral home.

Wiley was found by a female acquaintance who told police that when he left her Saturday evening he complained of feeling ill. She said she decided to check on his condition yesterday morning.

RIDC Conducting Drive For More Memberships

The St. Louis Regional Industrial Development Corporation has launched a concentrated two-month drive to increase its membership and to raise 1968 contributions to \$223,000, it was announced today by Howard L. Young, president of American Zinc Co. and chairman of the RIDC board of directors.

A committee of 43 business, labor, civic and educational leaders will contact an estimated 800 prospective members before Feb. 1. Current membership numbers more than 185 firms, labor unions, local government bodies, educational institutions and civic organizations, working together for more than two years to coordinate and promote industrial development of an eight-county Missouri-Illinois region.

GCHS Band Opens '67-68 Concert Season Thursday

Granite City high school band will present its initial concert of the 1967-68 season at 8 p.m. Thursday in the senior high school auditorium. Admission is by season ticket, or single performance seats may be purchased at the door.

Directed by Louis Meek, conductor, and Joseph Owens, assistant conductor, the 100-member concert group will feature a program of varied selections, including a narrated poem-fantasy number, marches and seasonal scores.

Arrangements to be performed will include "Belford's Carnival March," by R. Alexander; "King Orry Rhapsody," by Haydn Wood; "Walt Disney Overture," arranged by Frank Erickson; "Begonia Again," by Glenn Gilmer; Overture to "The Messiah," by G. F. Handel, arranged by Lucien Cailliet. Themes from "The Nutcracker Suite," by P. I. Tchaikovsky, including the "March," "Dance of the Sugar Plum Fairy," "Arabian Dance," and "Waltz of the Flowers,"

"'Twas the Night Before Christmas," by Newell M. Long, poem by Clement Moore and narrated by Robert Williams; "In Storm and Sunshine March," by J. C. Heed; and "I'll See You Again," by Noel Coward.

Three additional concerts will be given this year on Jan. 25, Feb. 22 and April 4. Season tickets may be purchased from band students, priced at \$2.50, which will admit two people to each concert.

Joyce Jean Short To Be Married

Mr. and Mrs. Eugene Short, 2557 Spalding avenue, are announcing the engagement of their daughter, Miss Joyce Jean Short, to Joseph Miller III, son of Mrs. Joseph Miller, Venice.

Miss Short is a graduate of Granite City high school and the International Data Processing Institute in St. Louis. She is presently employed at Brunswick Corp. in St. Louis. Mr. Miller is employed by the state of Illinois.

The wedding will take place Jan. 6 at Third Baptist Church.

MRS. LARRY ELLIS, the former Miss Laura Boner, daughter of Mr. and Mrs. Carl Boner, who was married Friday evening, at the Pontoon Beach Church of Christ. The bridegroom's parents, Mr. and Mrs. Carlos Ellis, reside at 4044 Lake drive.

Miss Boner, Larry Ellis Exchange Wedding Vows

Miss Laura Boner, daughter of Carl Boner, 2088 Omaha street, and Larry Ellis, whose parents, Mr. and Mrs. Carlos Ellis, reside at 4044 Lake drive, exchanged wedding vows Friday evening, at the Pontoon Beach Church of Christ.

Bro. Lowery Sutherland officiated at the 7:30 candlelight ceremony before an altar decorated with white gladioli and greenery.

Wedding music was provided by Mrs. Lowery Sutherland at the organ. The bride, who was escorted down the white carpeted aisle by her father, chose a white brocade satin gown fashioned with scoop neckline and long tapered sleeves. The high rise bodice was accented with pearls and fullness fell from a large self-trimmed bow into a full sweeping train over an A-lined skirt.

A bouquet veil of silk illusion was held in place by floral fabric petals, and the bridal bouquet was a cascade of white carnations.

Mrs. Diane Burkey was matron of honor, and the bridesmaids were Miss Connie Castleton, Miss Marianne Hain and Miss Marlene Boner.

The attendants were identical full-length gowns in peacock blue imported chiffon. They featured a floating panel over an A-line silhouette, edged in matching Venis lace, and they carried cascade bouquets of blue tipped carnations.

The flower girl was Joyce Lee Houghton, whose long frock matched the bridesmaid's gowns. She wore a floral headpiece and carried a basket of rose petals. Mike Pilic, nephew of the groom, served as ring-bearer.

Attending the bridegroom as best man was Keith Burkey, Merrill Boner, Steve James and Gary Holtkamp were groomsmen, with Richard Burkey and Don Barton serving as ushers.

A reception was given immediately following the ceremony in the church basement. A rehearsal dinner was given Thursday evening by the groom's parents, Misses Karen Pilic, Linda Ellis, and Antoinette Ellis assisted in serving at the reception.

Both young people are graduates of the local high school. The former Miss Boner is employed as bookkeeper, and Mr. Ellis is employed in St. Louis.

Following their wedding trip, they will reside locally.

Co-Champs Place 8 on All-Southwestern Conference Grid Team

Including one all-star selection from last year, Alton's Frank Holmes, the 1967 Press-Record all-Southwestern Conference football team includes a formidable array of offensive and defensive talent certain to attract intensive college recruiting competition.

Holmes and four teammates earned inclusion on the tenth annual Southwestern all-star squad to a share of the league championship.

Belleville West, the other co-champion and the lone conqueror of Alton, placed three players on the all-conference team, which was selected in exactly balanced voting by the seven head grid coaches. Each excluded his own athletes in naming first team choices (two points) and second team picks (one point) for all positions.

East St. Louis, winner over Belleville West but loser to Alton and two other conference foes, accounted for two of the all-conference posts. Rounding out the all-star squad was a Collinsville gridder.

Participating Coaches
Coaches participating in balloting conducted by the Press-Record were Ed Yonkus of Alton, Bob Samples of Belleville West, Frank Pittel of Collinsville, Fred Cameron of East St. Louis, Paul Fuchs of Edwardsville, Jim Morrison of Granite City and Wayne Williams of Wood River.

Only unanimous choice this year was End Dave Extrait of Belleville West.

Only one vote short of unanimous was Holmes, who was named as a halfback last season and switched to fullback in 1967.

All of the new all-stars are seniors.

Capable reports on the all-conference players follow:

ENDS—Dave Extrait of Belleville West set a school record with 24 pass receptions this season and chalked up total gains of 419 yards, with four touchdowns and two extra points. He is a two-year letterman in football and three-year letterman in track.

Wayne Schroeder of Alton caught 15 passes this year, averaging 15.7 yards. He scored three touchdowns and was effective on "one on one" situations in outmaneuvering enemy defenders.

TACKLES—Fred Dominick played on both sides of the defense for Collinsville and had more game time than any other player. Chosen by his teammates as most valuable player this season, he is a three-year letterman. He showed "good speed for his size" and was the top man on his team.

GUARDS—Gordon May of Alton was the most outstanding member of the East St. Louis line, playing on the strong side on each play. Exceptional for a guard, he provided dependable blocking both on running and pass plays. A good student

Rebounds, Hustle Give Trojans 78-58 Victory

The Madison Trojan basketball team opened its 1967-68 season Friday with a convincing 78-58 victory at the Wood River gym.

MHS outscored the Oilers in each period, leading 12-7, 23-22 and 57-41 at the quarters.

"It was one of the roughest games physically that I have ever been involved with," said Madison coach John Logan. The game was loosely officiated with many fouls called but many others not assessed. Four Oilers players fouled out and another had four fouls.

"We tried principally to keep Wood River out of the key and were successful," Logan noted.

The Trojans rebounded 32 missed Wood River shots, Keith Williams getting eight. MHS made only 27 of 72 field goal attempts, experiencing "first game jitters."

"We made a lot of mistakes and were overconfident. The boys didn't play as well as we hoped."

"We tried to play a running game, but were pretty slow until the third quarter," the Trojan coach added. While keeping the Oilers away from the basket, MHS was able to take most of its shots at close range.

Gary Lusk scored 12 field goals and 11 free throws to lead the offense with 35 points. Tom Weston and Titus Shipp tallied 11 points each, Keith Williams 10, Joe Collins seven and Jim Scott, four.

The Trojans will play their first home game Friday night against Mater Dei of Breesee.

Warrior Wrestlers Capture First Two Meets of Season

Successful in its first two outings, the Granite City high school wrestling team beat Wood River here 38-11 Friday night and won a quadrangular meet at Champaign Saturday, scoring 68 points.

Against Wood River the Warriors lost only three of the 12 bouts. Gary Hill of Wood River beat Ned Wilson 8-2 in the 95-pound class; Jim Clapade outpointed Russ Hamilton 7-2 at 138 pounds; and Ned Wilcox defeated Dave McKinney on a default due to injury in the 165-pound class.

Winning their matches, Bob Miller, 103 pounds, pinned David Angleton in 1:46; Ron Hooper beat Dave Kennedy 8-4 in the 112 class; Gary Oxford, 120, decisively beat Meyer, 10-0; Bill Gibson, 127, pinned Ron Binalayer in 2:55; Eddie Milton, 133, beat Allen Hand, 20-4; Ricky Smith, 145, pinned Larry Bruce in 2:43; Dempsey Cross, 154, pinned Ralph Hawkins in 1:56; Pat Pates, 180, pinned Ray Higgins in 2:43; and Dan James, heavyweight, pinned Dan Mowery in 3:38.

In the junior varsity meet, the Warriors won all of their matches by pins except in the 95-class, which was forfeited. Winners were: Allen Bingleman, 103, in 50 seconds; Steve Ferguson, 112; Ray Bursham, 120; Mike Christopher, 127; Tom Neilbur, 133; Russ Gray, 138; Drew Shands, 145; Frank Mehele, 154; Sam Nighoshian, 165; Bruce Evans, 180; and John Kearby, heavyweight.

At the meet Saturday, the Warriors were trailed by Savanna with 52 points, Champaign 51 and Peoria Richmond 22.

GCHS Divides Opening Contests; Kahoks Next

GCHS cagers stumbled 60-42 in their season opener Friday night at Cahokia, but romped past Springfield Griffin 71-35 here Saturday evening.

Tied 9-9 after the first period, GCHS broke the tie at 24-21 at the half and 34-33 after three quarters, and Warriors were shocked by the Comanches in a 17-8 final period.

GCHS successfully clogged the middle but failed to snare for rebound, the Warriors used a 2-2-1 defensive press. Cahokia employed a man-to-man defense in the first half but switched to a zone in their closing rally.

MORE ABOUT 32 Mishaps

ously and his eastbound car was damaged extensively when it crashed into a McKinley Bridge abutment on the west end of the superstructure at 1:30 a.m. Saturday.

Bunce was treated at St. Elizabeth Hospital for cuts to the right wrist, right ear, right cheek and chin and an apparent fracture of the right upper arm. He was unconscious when he arrived at the hospital. He was transferred to Phipps Hospital in St. Louis for continued treatment.

Joyce Dressler, 27, of Belleville, was taken to St. Elizabeth Hospital at 8:10 p.m. Sunday with injuries sustained when her auto was struck from the rear. She was treated for pains in the back and a headache and was released. Details of the mishap were unavailable.

Woman Hurt in Venice

A motorist was arrested and a passenger in his car was injured at 3:40 a.m. Saturday as the result of an accident at Klein street and Broadway in Venice. Police said a car driven west on Broadway by Horace Brown, 47, of 310 Weaver street, Venice, skidded on rain-slick pavement and crashed into a utility pole.

Injured was Susie Bledsoe, 20, of 1024 Logan street, Venice, who suffered cuts about the mouth. Brown was booked for driving without a driver's license and was released on a notice to appear for a hearing Dec. 13.

Hester L. Bannon, 43, Rural Route One, Carlyle, Ill., received sutures and x-rays at St. Elizabeth Hospital early Sunday following an auto accident. She sustained a head laceration and a back injury.

Two Injured in Venice

Two persons were injured in Venice at 4:20 a.m. Saturday when the car in which they were riding skidded on wet pavement during a heavy rain, struck and knocked down a street sign and then crashed into a utility pole.

Donald Green, 27, East Alton, and a passenger, Laura Moeckel, 27, St. Louis, were taken by ambulance to St. Elizabeth Hospital. Green was driving west on Broadway when the accident occurred at Klein street.

Green suffered lacerations to the left cheek and right knee, while the woman received a head abrasion.

Robert H. Clements, 22, of 2110 Iowa street, was injured when his auto struck a rail crossing signal at East 20th and Nash streets at 1:20 a.m. today. He said he must have dozed off. He was charged with careless driving.

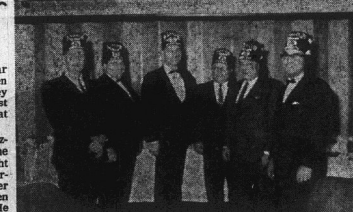

Price Rise Decision Delayed by GC Steel

Granite City Steel Co. will make no decision as to whether it will follow U. S. Steel Corp. in price boosts for at least an other week, a spokesman announced today.

U. S. Steel Corp. has announced an increase of \$5 per ton in cold-rolled steel, effective Dec. 15.

Granite City Steel is the only area mill that manufactures cold-rolled steel used in automobiles, appliances and construction equipment.

The only recent price boost by the company was announced in September when it increased black carbon steel prices by \$4 per ton.

1500 Baptists to Meet On 'M' Night Dec. 11

Dr. H. Franklin Paschall, president of the 11-million-member Southern Baptist Church of America, will speak at 7 p.m. Monday, Dec. 11, at the Madison County Baptist "M" Night service to be held at the Calvary Baptist Church, 3000 Washington avenue.

The "mobilization night" gathering is held annually. As an evangelistic preacher, Dr. Paschall has spoken throughout America and in many parts of the world. He is pastor of the First Baptist Church of Nashville, Tenn., and is the current president of the Southern Baptist Convention, largest evangelical denomination in the U. S. with over 33,000 U. S. churches and missionaries in over 65 foreign countries.

There are expected to be over 1500 in attendance at the Dec. 11 "M" Night, with Dr. Paschall speaking to the adults in the Calvary Baptist Church and the children through eight years old meeting in the educational building.

The youth (aged 13-24 and single) and the juniors (aged 9-12) will meet at Third Baptist Church, 26th street and Grand avenue, where the youth will hear Rev. William Alford, minister of the St. Louis Baptist Association, with Rev. Gene Phillips, pastor of Third Baptist Church, in charge. The juniors will see the unusual

SIMAPC Expands Executive Board, Elects Officers

Alton May of Alton was elected president of the Southwest Illinois Metropolitan Area Planning Commission Thursday night in a meeting in which the commission also expanded its executive board from nine to eleven members.

The meeting elected Henry D. Karandjeff, Granite City banker, and Clarence Schueler of Columbia, as the two new board members.

Other officers named for the 1968 year are Barney Metz, mayor of Dupu who served as secretary during the current year; Raymond Ripplmeyer of Vahlmeyer, secretary, and Edward Holzweg of Collinsville, re-elected treasurer for the fifth consecutive term.

Named to the executive board in addition to Karandjeff and Schueler were Wetzel Harness, supervisor of Canteen township in St. Clair county and outgoing president; Harry Briggs, supervisor of Nameoki township and outgoing vice-president; Carl Calvert and Charles Chenoweth of Belleville, and Edwin Leaman of Alton.

These seven directors, along with the four officers, comprise the 11-man executive board. Until this year the executive board consisted of the four officers and five directors.

Under a program designed to reward outstanding developments in five categories of community progress, a series of awards for the 1967 year were made at the meeting, attended by about 60 persons.

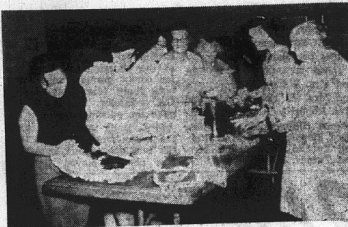

Three awards, one each in Madison, St. Clair and Monroe counties which make up the area served by SIMAPC, were presented in the category of Project Development. These went to Dr. Gordon Moore of Alton for Madison county, based on Dr. Moore's efforts in behalf of Pride, Inc., an Alton community improvement group; to Albert Metter, former mayor of Columbia, for Monroe county, in recognition of his 13 years of service in official and civic work; and to Herman G. Wangelin of Belleville, for St. Clair county, for his continued development of Belleville's downtown area.

Subdivision Award For Subdivision Development, they went to W. A. Schickel of Belleville for the outstanding planning and development of his "Fifth Addition" in the Belleville area.

Ralph Korte of Highland was presented the 1967 award for Commercial Development, for his efforts and leadership in bringing new industry and business into the Highland area, resulting in rehabilitation of a good part of the community.

The Community Service award was presented Edgar Seuffert of Waterloo for his development of an outstanding park program.

The Alton Park & Recreation Commission was chosen from a

field of eight nominees as recipient of the Community Development award for its development of park and recreation activity. William Roller, a park committee representative, accepted the award in behalf of Jack Philbrick, park director.

An engraved gavel was presented to Harness in appreciation of his services as president during the 1967 year. In other business the treasurer's report and the annual audit was presented.

Coffee, soda and hot dogs will be available in the refreshment area and special games are to be set up to amuse children attending with their parents.

Proceeds will be used to finance a Christmas party Dec. 22 for children residing in the housing project.

Sanitary Sewer Ordinances To Go to Council Tonight

Further steps to accomplish the construction of sanitary sewers in several areas of Granite City are to be taken at today's 8 p.m. meeting of the city council.

Ordinances are to be presented establishing rates and charges for the sewer system and for readvertising bids for the sale of the \$150,000 revenue bond issue.

Mayor Partner said following Thursday night's conference with an official of the Housing and Urban Development agency, Chicago regional office, that the bond sale bids are to be opened Dec. 18.

At the Nov. 15 bond bid opening, no proposals were received at the 8 p.m. deadline, but a few minutes later, a proposal was offered by a Chicago bond firm. It was rejected. Another proposal was received through the mail the next day and was returned unopened.

Bids Are Expected "It looks like we'll get several bids on Dec. 18," the mayor commented Friday.

In the conference Thursday evening, Elmer Schmitz, representative of HUD, reviewed the bid figures and governmental regulations with the low bidder, Courtland Lybarger of General Contracting Co.

The contract will be gone

Industry Growth Along Kaskaskia Is Forecast

Vast potential for industrial development of the Kaskaskia River federal navigation project was described at the December dinner meeting of board members of the Manufacturers Association of the Tri-Cities Friday evening at the Missouri Athletic Club.

Albert Wilson, executive secretary of the Kaskaskia Industrial Development Association, said some of the nation's largest firms are acquiring land in Randolph and Monroe counties to take advantage of the nine-foot-deep, 225-foot-wide channel being created from Fayetteville south to the Mississippi River. The curving 52-mile route will be shortened to 36 miles.

A major attraction, coal, was described as offering many industrial advantages due to its abundance. Extractable coal reserves within 15 miles of the Kaskaskia River between Fayetteville and its mouth total 1,800,000,000 tons.

Improvement began in 1962 and is scheduled for completion in 1973, Wilson said, adding that his group has been active ten years and so far has seen the project develop exactly according to the anticipated timing.

He predicted that it will be another "Ruhr Valley" industrial complex, perhaps competing with Madison county firms for employees and markets in aluminum, steel and chemicals. Major oil companies may locate there, to convert coal to gasoline by a new process, he explained.

Noting that there will be many backwaters and that the general water level in the area will be raised due to an 84x90-foot dam, Wilson said he believes there will be recreational as well as industrial and navigation benefits.

The rain and high wind created other problems for Quad-Cities. Water went beneath the home of Marion Sullivan, 700 Twenty-sixth street, North Granite, causing an electrical short-circuit at a gas furnace at 6:45 p.m. Saturday. Firemen answered the call, and there was no fire loss.

A tree was blown down across the street in the 1500 block of Pontoon road at 2:35 p.m. Saturday, being removed by a street department crew.

The rain was the heaviest in many months within a brief period. The Friday-Saturday rainfall, in fact, was 1.21 inches more than the total rainfall of 1.59 for all of October. It also was heavier than the total monthly rainfall recorded for January, February, March and August this year.

Edmonds-Ruebling

The engagement of Miss Barbara Ann Ruebling and James Joseph Edmonds has just been announced by her uncle and aunt, Mr. and Mrs. Elroy J. Klippel, 1011 January avenue, Ferguson, Mo.

The bride-elect was graduated from Southeast Missouri State College and is a member of Delta Delta Delta sorority.

Mr. Edmonds, son of Mr. and Mrs. Wilfred J. Edmonds, 35 Oak Park drive, Creve Coeur, former residents, attended the University of Missouri and Southern Illinois University.

Wedding plans are indefinite.

Business Men, Women At Rink Wednesdays

A weekly 1-to-3-p.m. Wednesday skating session for business and professional men and women has been scheduled for the Granite City park district ice skating rink, J. H. "Buck" Kenner, manager, 1011 January avenue. Attention also is being called to weekly "family nights" 5:30-to-8-p.m. Tuesdays.

Attendance yesterday slightly exceeded 1000. Biggest turnouts are Saturdays and Sundays, and the 1900 daily mark topped has been reached.

Man Injured in Fall

John Jaeger, about 97 years old, of 2126 Benton blvd., fell in front of a store at 19th street and Cleveland blvd. Friday evening and was taken by ambulance to St. Elizabeth Hospital, where he was admitted.

Furnace Overheats

Granite City firemen were called at 10:30 p.m. Saturday to a frame residence at 3051 Washington avenue, where the furnace had overheated. There was no damage. Owner of the house is Orville Deltour.

SIU-SW Bus Schedule To Be Revised Jan. 2

A revised winter quarter bus schedule for students commuting to and from the Alton and East St. Louis centers to the southwestern campus of Southern Illinois University has been announced. Service under the new schedule will begin Jan. 2.

The schedule provides for departures from the Alton center of SIU at 7:30 a.m., 9 a.m., 3:30 p.m. and 5:15 p.m., and from the East St. Louis center at 7:30 a.m., 8:40 a.m., 9:50 a.m., 3:10 p.m. and 4:30 p.m.

Return trips from the southwestern campus will depart for Alton at 8:15 a.m., 2:30 p.m. and 4:30 p.m. Return trips to East St. Louis will depart at 8:05 a.m., 9:15 a.m., 2:30 p.m., 3:50 p.m. and 5:10 p.m. A complete schedule will be available at the University Center.

University officials said the schedule has been modified to meet the needs of students using the bus service more effectively.

Cancer Group Offers Aid To Curb Cigarette Smoking

Emphasizing recent announcements on the harmful consequences of cigarette smoking, the Granite City Area Council of Parent-Teacher Associations devoted its bi-monthly meeting Thursday evening to the subject of smoking and its injurious effects on youth and adults alike.

Council members, meeting at Lake elementary school, heard a talk by Miss Dorothy Collins, a retired English teacher, who now serves as public education chairman for the Madison County Unit of the American Cancer Society.

The guest speaker explained various services offered through the Society, which conducts its annual "Cancer Crusade" during the month of April. She reported that 50 paid employees are retained by the Illinois Cancer Society, with the remaining workers contributing their time on a volunteer basis.

Films Available

Miss Collins added that donations to the Cancer Crusade are used for public education, research and services. She said that films and speakers are available for meetings as long as needed. He said a station wagon was donated to the Society for the purpose of transporting patients for hospital treatment.

Clifford Wilderman, a guest, also discussed services offered by the Society. He pointed out that upon request, cancer patients receive free dressings and sick room supplies for as long as needed. He said a station wagon was donated to the Society for the purpose of transporting patients for hospital treatment.

STATE SEN. A. R. GOTTSCHALK (standing), contender for the GOP nomination for governor, speaking Friday to manufacturers associations at Sunset Hill Holiday Inn. Others at the speaker's table, left to right, are — Mrs. Gottschalk, Frank Mansfield of the Belleville manufacturers group and Donald Koppenhaver of the Alton group.

GOP Governor Hopeful Speaks in Area Friday

State Sen. Arthur R. Gottschalk (R) of Flossmoor, a contender for the Republican nomination for governor of Illinois, spoke to a group of 35 manufacturers and business leaders at the area Friday at Sunset Hill Holiday Inn.

In the audience were representatives of the manufacturers associations of the Tri-Cities, Alton, Belleville and East St. Louis.

Gottschalk commented that the state government has grown like Topsy under seven years of Kerner's administration with little guidance or direction.

The nominee-candidate added, "Bad management and poor executive direction are the first danger signals that appear when a business is about to go bankrupt. And we are now witnessing such danger signals in Illinois state government."

"When the governor was elected seven years ago, there were about 46,000 employees on the state payroll," he said. "Today there are more than 90,000. State expenditures seven years ago were \$2.7 billion; today we are spending close to \$6 billion, including money spent by the Illinois Building Authority."

"The expansion of state services is not necessarily bad in itself, if the taxpayers are willing to pay for additional services," Gottschalk said. "What is bad is the disorganized growth of state government in a climate of little or no control."

After the conference, Gottschalk went to Belleville to attend the statewide Republican campaign workshop, held under the sponsorship of the Republican National Committee and the GOP State Central committee.

Republican party leaders, including county chairmen, from as far north as Lake county attended the Belleville meeting.

Mr. Clonts was ordained in a recent ceremony presided over by Mr. Eugene Hetzel, a professor at St. Louis Christian College.

Mr. Clonts was graduated last June from St. Louis Christian College, receiving a Bachelor's degree in Education.

In the ordination ceremony, the other participants were Elders James T. Dudley and Carlos Ellis; the minister of the Pontoon Beach Church of Christ, Lowry Sutherland; Mrs. Vivian Ellis and Mrs. Marilyn Sutherland, pianists, and Harvel Ayers, song leader.

Two Peace Corps recruiters will be on Southern Illinois University's southwestern campus Jan. 9 and 10.

Prospective corps members may fill out applications and take a language aptitude test to determine how easily they can learn a foreign language. Peace Corps requirements include a minimum age of 18, United States citizenship, and no dependents under 18 years old.

The Peace Corps now works in 56 countries. Approximately 15,000 people have worked in the program since it started.

Faces Traffic Charge

Johanne L. Gray, 54, East St. Louis, was arrested by Venice police at Fourth street and Broadway at 5:25 p.m. Friday and charged with disobeying an officer directing traffic. Gray posted \$25 cash bail pending a court date of Dec. 15.

Deadlines for Annual GC Yule Lighting Contest

Granite City Jaycees, in cooperation with Illinois Power Co., again will sponsor their annual Christmas home lighting contest.

As in past years, valuable prizes will be awarded to winners throughout the city.

Deadline for mailed entries is midnight, Sunday, Dec. 17. Final day for entry blanks to be dropped in boxes where contest posters are displayed is Monday, Dec. 18.

Entry blanks may be obtained from Jaycee members, at the office of Illinois Power Co., co-sponsor of the contest, or at the Yule lighting displays at the three Granite City banks and grocery stores throughout the city.

Completed entry forms must be mailed prior to the deadline to Post Office Box Three, Granite City, judging will take place beginning Monday evening, Dec. 18, by a selection board headed by Eugene Alas, Granite City schools' art director.

Awards of prizes will not be determined by geographical sectioning of the city. Instead, the prizes will be awarded wherever the most outstanding lighting displays are found.

Larry Patton, Jaycee vice-president, explained.

MORE ABOUT Chouteau

Madison politician and gambler, with being instrumental in initiating the incorporation plan. He was not present.

Lively Discussion
Boyle presided and sought, after prompting by members of the audience and Winzel, to prevent interruptions of speakers. Interest in the issue was spirited, with some saying they already have made up their minds for or against the proposal.

Kearney outlined legal aspects of incorporation and annexation, saying that an election would be required in order for a municipality to annex Mitchell unless there were contiguous parts.

He questioned whether the shape and narrow connecting link of the proposed territory qualify it as a "village in fact." He said the hearing and/or an incorporation election would rule out any other incorporation of any of the territory for a year.

Potential income of a village was listed as including licenses, property taxes, sales taxes and motor fuel tax funds. A budget and tax levy projection has not yet been completed by a committee assigned to the task.

Novosel and Winzel told the group, and no specific figures were given.

Lack Police Services
Winzel said nighttime control of children would be simplified by establishment of a 24-hour police department. Assistance by sheriff deputies was described as non-existent in Chouteau township.

Several commented that Chouteau City probably does not want to add such territory because services provided would exceed net tax revenue. However, Boyle said they are convinced Granite City is hoping to "grab our tax money."

Boyle said the Chouteau township area needs "home rule" and has reached a point in its population where certain governmental services are needed. He said the current boundaries are merely a nucleus of what is needed.

Inadequate Tax Base
Boyle said the late Supervisor Troelcher had studied an incorporation proposal for past years and successfully fought it because there was an inadequate industrial tax base. He said the apparent best course to follow at present is to remain unincorporated, adding that incorporation potentially could complicate fire services and taxation.

One man said he would like to be a part of Granite City and was decided by incorporation backers as a "newcomer." He countered by saying he was born in Mitchell and has lived there all his life.

The gathering was told that those favoring a village have detailed construction plans not only for the initial area but for eastern Mitchell.

Collide in Madison
Southbound cars driven by Herman L. Moore, 589 Boye avenue, and Arnold W. Spiroff, 83 Venice Boulevard, were damaged in a collision at Third street and Madison avenue, Nov. 30, at 8:30 p.m. Friday.

Moore pulled from a parking space into the center lane. His car was damaged in the left front and Spiroff's car in the right front.

highways with motor fuel tax funds, renewed each year between the city and the Illinois state highway division was adopted in the meeting.

It provides for \$15,400 worth of maintenance work, including ice and snow removal during the winter months. James said additional projects may be added during 1968.

The council agreed to accept a bid from Rogers Roofing Co., Granite City, for reroofing the city hall building for \$500, depending upon the extent of guarantee. Comptroller Carl E. Byrnes was authorized to negotiate the contract if a satisfactory guarantee is obtained.

One other bid was submitted in the amount of \$271 by the Bielsch roofing of East St. Louis. The Bielsch bid, however, provided for only one layer of tar and sheet roofing, while the Rogers bid provided for three laminated layers plus removal, cleaning, repair and replacement of coping and flashing.

City Attorney Harry E. Hartman informed the council that an Illinois Commerce Commission hearing on a petition filed by the state highway division for an extension of time to complete construction of the Broadway underpass, and a supplemental petition by the city of Venice to reappear to the commission, has been rescheduled.

The hearing originally was for Dec. 14, but the state highway division's plea to extend until May 1, 1970, the deadline date for completion of the underpass structure. Under the original ICC order, the underpass was to have been completed by Oct. 30 this year.

The hearing was rescheduled, however, after the city of Venice filed two weeks ago a request that costs of the project be assumed by the federal government, the state, three railroads and the city of Venice. The hearing was held on Nov. 29.

Police Chief John Essington reported that the Venice police department made 38 arrests during November and that the city received \$411 from the circuit clerk's office for fines and fees assessed in cases that went to court.

The report said 13 of those arrested were named on various charges and taken into court. Fourteen others were traffic cases; two were mental cases; and two were named in state warrants; two were released without charge; two were released to the sheriff's office pending a hearing before the Granite City Council.

The council also approved payment of \$10,000 to members of the Venice fire department for fire calls made during the past year.

Nurses to Seek 11% Increase in Salary
Members of the Illinois Association voted in a state-wide meeting at Chicago Friday to seek an 11% increase in salaries paid to professional nurses.

The increases will be sought to keep nurses in the profession, which will aid in recruitment and retention of nurses in practice.

The nurses also elected officers of the Association's sections which represent the occupational fields in which nurses work: public health, industrial, school, doctors' offices and similar fields.

School nurses salaries will range from \$600 monthly for a general duty nurse to \$1330 per month for a director of nursing service in a nursing education. Head nurses will seek a monthly minimum of \$725; occupational health (industrial) nurses, \$875; office nurses, \$600; public health nurses, a range beginning at \$685.

School nurses voted to continue on teacher salary levels. The state-wide minimum for private duty nurses was set at \$29 per 8-hour day. The Chicago rate is \$32.

HEALTH and SAFETY TIPS

535 N. DEARBORN STREET
CHICAGO, ILLINOIS 60610

Is A Silent Killer Loose In Your Home?

A silent killer may be loose in your home.

The deadly invisible carbon monoxide—CO—a colorless, odorless, tasteless gas produced every time a carbon-containing material burns.

A leak from the American Medical Association reports that CO combines with blood 200 times more easily than oxygen. If you breathe in even a small amount of oxygen and a moderate amount of carbon monoxide, your blood will be starved for oxygen. When blood cannot supply oxygen to your brain, permanent brain damage or death may result.

Dangerous quantities of CO usually accumulate where a coal or oil furnace is limited air. Since you can't see, smell, or taste it, the gas is hard to detect except by your symptoms—drowsiness, headache, tightness across the forehead, confusion, nausea, and muscle weakness. CO poisoning may confuse you so that you cannot reach the door to relieve the symptoms and prevent serious injury.

To prevent a carbon monoxide attack in your home—

- Have all heating systems checked annually for operation and efficiency. Make sure that vents, pipes, flues and chimneys are tight.
- Make certain that your heating plant is not starved for air.
- Be sure that all heating devices have been tested by a reputable firm. Follow the manufacturer's recommendations for installation and use.
- When changing type of fuel, ask a qualified serviceman to adjust all appliances involved.
- Don't close your fireplace damper until you are certain the fire is out.
- Be sure that your garage is sealed from the house. Never run the car in a closed garage.

How's Your Stock Of First-Aid Items?

Would an accident at home or on vacation find your family without adequate first aid supplies?

The American Medical Association points out that emergency charges and hospital bills should assemble materials now, before you need them. At home, keep them in a special cabinet or box beyond the reach of small children. When traveling, keep your supplies in a suitcasesized bag.

The following items (labeled clearly and with instructions for use) should be included in your first aid kit:

- Individual package-type sterile dressings (2-inch by 2-inch, 3-inch by 3-inch, 4-inch by 4-inch) for open wounds or burns.
- Roller bandages for finger bandages (1-inch by 5 yards) and for holding dressings in place (2-inch by 5 yards).
- Roll of adhesive tape to hold dressings in place.
- Bath towels and bed sheets which can be cut into sizes necessary to cover wounds.
- Triangular bandage (37-inch by 37-inch) for a sling, for a dressing, or as a covering.
- Safety pins, blunt-pointed scissors, tweezers, measuring tape, eye dropper, and wooden tongue blades.
- Spillants (1/4-inch thick, 3/4-inch wide, 12 to 14 inches long) for broken arms and legs.
- Tourniquet (wide strip of cloth or flexible rubber tubing 20 inches long) to use in severe injuries when no other method is known.
- Short stick to use with tourniquet.
- One bar of mild soap for cleaning wounds, scratches, and cuts. Antiseptics generally are not available.
- Paper drinking cups.
- Flashlight—replace batteries periodically.
- Syrup of Ipecac (1 ounce) to induce vomiting.
- Essential personal prescriptions.
- A first aid guidebook, such as the American Medical Association's First Aid Manual.
- Other items you should pack when traveling by auto include a blanket to keep an injured person warm or to make a stretcher, and warmers to use if your car is stalled on the highway.

Portell and Story Nuptials At Hartford Baptist Church

Bouquets of white carnations and ferns adorned the altar of the First Baptist Church, Hartford, for the wedding Saturday of Miss Joyce Helen Story, daughter of Mr. and Mrs. Neal Story, 104 W. Cherry street, Hartford, and Gary Richard Portell, son of Mr. and Mrs. Richard Portell, 2024 Edgewood drive.

Rev. Robert Sabo of Clinton, Ill., an uncle of the groom officiated at the 7 p.m. candlelight ceremony.

Ryan Aurand, soloist, was accompanied at the organ by Dace Wolf, as he sang "The Lord's Prayer" and "The Hawaiian Wedding Song."

The former Miss Story selected a white silk organza over net and taffeta gown designed with a round neckline outlined with lace appliques, three quarter length sleeves and a bouffant skirt, gently sweeping into a chapel train.

A three-tiered nylon illusion veil was held in place with a pearl crown outlined with pearls and she carried a bouquet of white carnations and tiny rosebuds.

Mrs. Michael McClintock, a sister of the bride, from Hartford, was matron of honor. She was attired in a full-length dress of coral velvet designed with an Empire waistline, delicately scalloped neckline and scalloped angel sleeves. A velvet trimmed bow and streamers held in place a nose tip circular veil and she carried a Colonial bouquet.

Little Miss Brenda Sabo, cousin of the groom, was the flower girl, and appeared in a short mint green dress with white accessories and carried a white basket of coral carnations and white rose buds. The ringbearer was Louie Rook of Hartford.

Mr. Portell chose as his best man Michael McClintock of Hartford, a brother-in-law of the bride. James Harper and Charles Sabo, an uncle of the groom, served as ushers.

Immediately following the ceremony, a reception was held at the Church basement.

Mrs. Story selected a gold suit dress with black and gold accessories for her daughter's wedding. The groom's mother, Mrs. Portell, chose a powder blue suit dress with blue and white accessories. Both mothers wore rosebud corsages.

The former Miss Story was graduated from East Alton-Wood River Community high school in 1966 and is a receptionist for Dr. Russell J. Wood, Hartford physician.

MRS. GARY RICHARD PORTELL, whose wedding was Saturday evening, at the First Baptist Church, Hartford. She is the former Miss Joyce Helen Story, daughter of Mr. and Mrs. Neal Story, 104 W. Cherry street, Hartford.

The groom is a graduate of Granite City senior high school, and is employed as a musician.

NAME OMITTED

Mrs. Marilyn Timmons, associate conductress of Granite Chapter 659, Order of the Eastern Star, was omitted from the list of new officers installed last week. Also serving as an escort was LeVerne Larsen, a past worthy patron.

Miss Carol Lynne Kershaw And Donald Mueller Wed

Miss Carol Lynne Kershaw became the bride of Donald Edwin Mueller Saturday evening at 7 o'clock at the Maryville Baptist Church.

The bride is the daughter of Mr. and Mrs. Donald Kershaw, former residents, now residing in Edwardsville. The groom's parents, Mr. and Mrs. Ted Mueller, reside in Collinsville.

Wayne Bradshaw, soloist, sang "I Love You Truly," "One Hand One Heart," "Wedding Prayer," and "Lord's Prayer," accompanied at the organ by Miss Donna Gilmore.

Rev. Walter Mattingly heard the couple exchange wedding vows before an altar decorated with large bouquets of white flowers and greenery.

Miss Kershaw, who was given in marriage by her father, wore a full-length gown of white Alencon lace designed with a scalloped neckline, accented with sequins, a fitted bodice and long sleeves ending in a V at the wrist. The full hoop skirt had Alencon lace panels down the front and an apron effect encircled the back of the dress and met in the front at the waistline.

The bouffant veil of imported French bridal illusion was fingertip length and secured with a matching lace headpiece accented with rhinestones. She carried tiny white rose buds and lilies of the valley arranged on satin and lace with long satin streamers on a Bible.

The maid of honor, Miss Kay House, Miss Debbie Kershaw, sister of the bride, and Miss Sharon Mucho and two flower girls, Marlene Walters, a cousin of the bride, and Donna Laughlin, were dressed alike in rose pink velvet full-length dresses featuring Empire bodice, round neckline and straight set-in sleeves with a bouffant puff at the elbow accented with tiny bows. The full skirts were lightly gathered at the waistline. Each girl wore individually styled headpieces with nose tip veils held in place with velvet ribbon and rhinestones, and they carried bouquets of pink Genie mums encircled with pink velvet ribbon loops.

Miss Cindy Lindbergh and Miss Kathy Willis served as candlelighters and wore street length dresses identical to those of the bridesmaids. They had pink Genie mum wristlet corsages.

The flower girls carried baskets of pink Genie mums and rose petals.

Ted Mueller served his brother as best man, and Dennis McDowell, Jim Cavalletti, Robert O'Mohandro, Frank Boster and Myron Provence completed the corps of groomsmen and ushers.

Mrs. Kershaw chose for her daughter's wedding a pink sheath dress with black accessories. The groom's mother wore a pink ensemble with black accessories. Both wore corsages of white roses.

The former Miss Kershaw is a senior at Collinsville high school. Mr. Mueller was graduated from Collinsville high school in 1966 and is employed at Mobil Oil Co. in East St. Louis.

A reception was held immediately following the ceremony in the church basement.

Following a wedding trip to Tan-Tan-A in the Ozarks, the newlyweds will reside in Collinsville.

MRS. DONALD EDWIN MUELLER, the former Miss Carol Lynne Kershaw, whose wedding took place Saturday evening at the Maryville Baptist Church. She is the daughter of Mr. and Mrs. Donald Kershaw, former residents.

Engagement Is Announced

Mr. and Mrs. Daniel J. Burke, 245 Granplan road, St. Louis, are announcing the engagement of their daughter, Sallie Elizabeth Burke, to Thomas A. Tempel, son of Mr. and Mrs. C. H. Tempel, 2625 Benton street.

Tentative plans for a May wedding in the Old Cathedral, St. Louis, are being made.

Churchwomen Services in Community

An organizational meeting of the Quad-City Council of Churchwomen United was conducted Thursday afternoon at Central Christian Church on Johnson road and Mrs. Frank Craddock, president, welcomed representatives from 14 churches in the area, Catholic and Protestant.

The purpose of this first meeting is to discuss ways the group may better serve in the community on a volunteer basis.

Among the projects discussed were the Tiny Tim school for the pre-school handicapped children that is sponsored by the Easter Seal Foundation, immediate aid to the Co-ordinated Youth Services, volunteer transportation for Public Aid recipients, assistance at the Mental Health Center and volunteer work with the St. Elizabeth Hospital's Auxiliary.

Each of the representatives will return to their churches and decide with the women of the congregations in what specific area they wish to donate their time for these projects. The next meeting is planned for Jan. 30 at Central Christian Church at 1 p.m. when a final program will be started.

County Public Aid Down \$47,000 in September

Public aid allotments to Madison county recipients during September totaled \$67,029, a decline of \$47,464 below total payments of \$84,493 in August but still an increase of \$217,894 over July allocations, according to a report by Harold O. Swank, director of the Illinois Public Aid Department.

August payments were made to 8473 recipients in the five major public aid programs, with almost half of the total going to old age assistance patrons. The report said a total of \$36,898 was paid to 1411 old-age pensioners, compared to \$35,297 paid to 1421 pensioners in August.

Build of the remainder, a total of \$240,630, was paid 5526 recipients of aid to dependent children funds. In August, 5505 recipients received \$237,946 in ADC payments.

Check of Stored Grain Urged of Area Farmers

Farmers are receiving their annual reminder to check closely on the condition of any grain under Commodity Credit Corp. loans which they have stored on their farms.

Leo Rogers, office manager of the Madison County Agricultural Stabilization and Conservation Service, points out that a check on stored grain is advisable to see how well it is keeping. Fewer inspections now are made by the ASCS county office, and the farmer has more responsibility for maintaining and watching his own stored grain.

Update Pork Cookery

Pork will be more juicy and flavorful, and it will shrink less if cooked to an internal temperature of 170 degree F. instead of 185 degrees as formerly recommended.

Nyla Gorham, University of Illinois Extension foods specialist, explains that because pork-cooking studies have been so recently published, most cookbooks don't mention the new recommendation. But for best results, be sure to update your cooking methods accordingly.

For years home economists stressed the importance of well-done pork to insure destruction of trichinae that might be in pork muscle. When transmitted to man, this parasite, could, and did, cause serious trouble. Therefore, to be on the safe side, a roasting temperature much higher than that needed to destroy trichinae was commonly used. Since trichinae are killed at 140 degrees, the present recommended temperature of 170 degrees gives an adequate safety margin.

Miss Gorham recommends an oven temperature of 325 degrees.

Laundering Suggestions

For Permanent Press
Although permanent or durable press has simplified clothing care, this fabric treatment has also created some laundry problems, says Marjorie Mead, University of Illinois Extension clothing specialist.

The best no-ironing results can be obtained by machine washing and drying, preferably with a special permanent-press cycle on both washer and dryer.

For best cleaning results, use hot water. A cool to cold rinse in the washing cycle and a cool period to end the drying cycle help prevent wrinkles from setting in the heat-softened thermoplastic (polyester) fibers.

Tumble drying is essential for good results in medium to lightweight fabrics, but heavier fabrics sometimes can be hanger-dried satisfactorily.

Be sure to remove garments immediately when the dryer stops. Place them on hangers or fold the items to avoid setting wrinkles in the fabric.

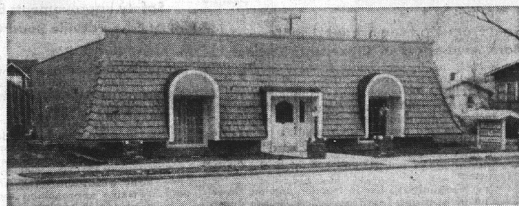

Miss Mead offers these added suggestions:

Wash garments often so that soil cannot build up. Pretreat soiled areas with a liquid detergent. Only stains are more difficult to remove from permanent-press fabrics than from other fabrics. Stubborn stains may respond to a pretreating with detergent that is allowed to remain on the

Invasion by French Provincial Styling

NEW TO THIS part of the country. French Provincial architecture is becoming an accepted design for remodeling of buildings in the Quad-City area. This new front on Madison Bowl, 1002 Madison avenue, was completed recently. Extensive interior repairs are still under way. The building is owned by the Madison Bowl Corp.

FORMERLY OCCUPIED by a sheet metal shop, this building at 2740 Madison avenue has been remodeled inside and out and now houses three sets of offices. The exterior is remodeled in French Provincial design. Offices are occupied by Terryl Francis, attorney; the Francis Agency, realtors, and Dr. Jack Dayan. The building is owned by the Francis Agency.

ANOTHER AMONG Granite City buildings recently remodeled in French Provincial design is this structure at 2166 Pontoon road occupied by the Maryland Real Estate agency. The interior also has been redecorated. The building is owned by the agency.

Funeral Services Held For Asa M. Legate, 44

Funeral services were held Friday in Granite City and in Springfield, Tenn., on Saturday for Asa M. Legate, 44, of Box 1484, Rural Route One, who died of cancer at 12:15 p.m. Thursday at St. Elizabeth Hospital.

In ill health for nearly six months, Mr. Legate previously was hospitalized in July. He was re-admitted to St. Elizabeth one month ago.

A native of Stewart county, Tenn., Mr. Legate had been employed for 20 years as a machine helper at the Laclede Steel Co. Madison plant. He was a member of the United Steelworkers of America and had resided in the local community more than 20 years. He attended the Suburban Baptist Church.

Mr. Legate is survived by his wife, Louise; two sons, Ronald Legate of Granite City and Randy Legate, 17 years, at home; one daughter, Tammy Sue, eight years; his mother, Mrs. Goldie Legate of Springfield, Tenn.; two brothers, Wilson Legate of Granite City and E. DON'T LET 'WINTER KILL' KILL THE BEAUTY OF YOUR HOME

You have a big investment in the landscaping around your home. "Winter Kill" can rob you of it. Your lawn, evergreens, and shrubs, especially newly planted ones, are particularly vulnerable to this condition, which is caused by failure to apply plenty of moisture to the soil before the freezing weather sets in. It is most important to thoroughly soak the soil and apply a mulch under the evergreen trees, shrubs, and other perennials. Now's the time to do it! You'll be glad you did.

Life Insurance is mostly LOVE

Sure, there are things like dividends, annuities, guaranteed pensions... but after all, life insurance is mostly love. It's a way of saying, "I care." A life insurance is a bright, confident face that looks to the future without questioning if college doors will open. Life insurance is the serenity that comes with the knowledge that a "foreclosed" sign will not be decorating the front door. Life insurance is the comfortable companion of the graceful years. For families who are richer because they care, life insurance is a lot of things. But mostly love.

MOTORISTS IGNORING SIGNS AT INTERSECTION

To the Editor:

I would like to voice my opinion on a problem this area has been faced with for some time. It concerns Route Three and the Chain of Rocks road.

For over two months now I have traveled Route Three to and from Wood River five times a week. The problem is not the intersection; it isn't even dangerous. The problem is the drivers.

A speed limit has been put up for Route Three—30 miles per hour. There is a caution on the stop sign on Chain of Rocks road, warning that Route Three traffic does not stop.

These signs are ignored by at least 80% of the drivers. I have had to pull out of the way of local trucks and cars that have failed to stop.

Also, when I slow down to 50 miles an hour, cars pass me as though there was no speed limit.

In the December issue of Readers' Digest is a wonderful story on how the state patrol in New York put a stop to so many deaths on a dangerous curve.

I feel that if a patrolman was stationed at that one spot for several weeks, the overflow of money from traffic tickets would more than pay the officer's salary. If it worked for Cairo, it can work here, too.

I was in a car wreck about a year ago at this very spot. All because someone ran through a stop sign.

A few dozen traffic tickets a day and it wouldn't take very long to make believers out of at least our local residents. Too many drive from habit, and never think anything has been changed.

WOMAN RESIDENT

HAZARDS AT CROSSING NEED TO BE REDUCED

To the Editor:

On Friday night, Nov. 24, I had the sad experience of witnessing a close call at the intersection of an automobile and switch engine at the railroad crossing on 14th street and Edwardsville road (Highway 203).

A heavy smog was reducing the visibility to almost zero and the outline of the switch engine crossing the highway was barely visible.

The red warning lights on the highway could be seen through the fog but the weak tink of the automatic bells was hardly audible at a distance of about 100 feet.

In examining the situation closer, I found that we are dealing here not with ordinary single track crossing but with what one may call a "super-duper" switching engine, super-imposed upon the highway.

A distance of about 400 feet and consisting of six separate tracks approach the highway at various oblique angles.

A big mountain of gravel on the south side of the road and a row of houses along the highway are hiding the railway approach.

Stock Growth Goal -- Firm With 10% Annual Sales, Earnings Rise

By THOMAS E. O'HARA

Chairman, National Association of Investment Clubs

Q. My husband's income is adequate for us to live on. However, I work also, and would like to invest \$150 a month for at least four or five years. I don't care about receiving dividends for five years or more. What do you suggest?

A. I am sending you a few recent issues of the National Association of Investment Clubs' "Better Investing" magazine. You might get ideas of a stock or stocks you like from its model portfolio.

Since you are willing to wait five years for return on your investment, you are particularly interested in stocks growing at a good rate. By that, I mean stock in a company which will double its sales and earnings by at least 10% per year. Nearly all of those in the model portfolio have been doing that.

You and your husband might also like to get together a group of friends and/or co-workers and organize an investment club. In a club you can hold your investments down to \$10 or \$20 a month while you learn how to pick good investments.

In studying stocks for your club, you probably will come upon a particular stock in which you might want to invest on your own.

Telephone Stock? My husband and I have \$15,000 in a savings account from which we receive 5%. We also have a large holding of American Telephone & Tele-

graph on which we receive \$1320 in dividends every year, and around \$1000 in various other stocks.

Our home is paid for. My husband receives social security, and I shall be eligible in five years. Should we sell some of the AT&T stock and put the money in the bank at 5%, or should we invest in some higher yielding stock?

A. I don't think you should put any more into savings accounts by selling AT&T and putting the money in savings, you would increase your immediate income; but you would eliminate the possibility of appreciation of your capital to offset inflation—something you have with AT&T.

I think you might sell half of your AT&T and put this into other stocks. As a possible income, you could have convertible debentures or a convertible preferred stock.

From a well selected security of these types, you probably could obtain more current income than from your AT&T shares, and you wouldn't be missing the chance for appreciation.

proaches from the view of the automobile driver.

All this makes this crossing one of the most dangerous in the vicinity, especially during smoggy nights.

I have often seen drivers disregarding the warning signs and speeding through all six crossings while no train was in sight but the bells were sounding.

And I have also seen some cars getting suddenly stuck between tracks when realizing that there were six tracks to pass and that a train was approaching on a distant spur.

Highway 203 is at present a most heavily traveled artery connecting downtown St. Louis with Granite City, and it seems to me that it is high time to take a good look at this hazardous crossing before additional lives will be lost.

I may offer a suggestion that the six tracks crossing the highway could be reduced to two, because actually only one truckline approaches the highway from each side but both of them fan out into three each just before crossing the highway, making a total of six on the highway.

Why can't this separation be effected right after passing the highway?

Couldn't the whole crossing can be properly illuminated with overhead lights so that all the rails can be seen instead of depending on one single street light in the center?

Couldn't a luminescent paint be used for the marking of the pavement and the old fashioned cross-bar warning sign announcing only three tracks?

Whatever the answer, it is up to the local community to take the initiative and see to it that those hazards are eliminated and a safe passage on the highway assured.

MAJORITY RULE NO LONGER GUIDING BOARD

To the Editor:

I am ashamed to say that the city of Madison is my home town after the recent trouble in the Madison schools, a situation which lets the minority rule the majority, is a disgrace to the principles of what this country was founded on—majority rule.

Those who picketed Madison high school with the sign, "We Have Severed Benedictine from the School," were telling the truth. Madison's board of education has to learn that what was said represents all the people of Madison, not a minority using the threat of violence to get their way.

Violence still constitutes law-breaking, but they won't have to resort to it because the board has given up everything but a solid platter.

The people of Madison now know they are misrepresented by the school board.

Don't be surprised if, after I receive my college education, you see my name on the ballot for a board member.

Gain From Madison School Dispute—More Awareness of Citizenship Duties

It might seem difficult or even pointless to try to see a constructive result in the Nov. 7-28 dispute in which most Madison high school students missed seven days of school due to a lockout and boycotts, and many elementary pupils missed five days. Originating over representation on the high school cheerleading squad, it mushroomed into disagreements covering a wide range of policies and actions in the school district.

Certainly the lost instruction and the diversion of attention from school lessons are unfortunate and unjustifiable. But there has been a clear and beneficial gain in awareness by all parties that their individual responsibilities as citizens cannot be properly ignored without harm to themselves and their community.

There are many notable exceptions, but as a generalization it is probably fair to say that Madison schools have functioned in spite of rather than because of the level of adherence to educational ideals.

Board members have traded independent judgment for political support in their hiring and business practices; administrators have tolerated or even encouraged practices inconsistent with accreditation requirements; politicians have discouraged citizen and parent action in the fear that they could not control it; parents, who belatedly discovered and showed their vast power, for too long let themselves be bluffed out of an active, effective voice in school elections and procedures.

Least the incident has led to too sweeping, nearly every community and school district has too few residents willing to exercise their rights and duties on a sufficiently strong and consistent basis. It is the degree to which dissent was stifled or failed to materialize that Madison schools apart and enabled them to be occasionally used for purposes in addition to the fundamental task of educating children.

Taxpayer dictation to professional school-

ployer each month. For details on this reporting requirement send a post card to your IRS district director and ask for a copy of Form No. 5640, "Report of Taxpayer for Federal Tax Purposes."

Q. I've taken over my mother's support from my brother. Who gets to claim her as a dependent this year?

A. Under the support test for claiming a dependent, the person who provides more than half the total support for the calendar year is entitled to claim the exemption.

To determine whether you or your brother qualify, add up your mother's food, clothing, shelter and other expenses for the year. Then find out if you or your brother supplied more than half of them.

If neither you nor your brother furnished more than half of this support but your combined contributions totaled over half the support, then you may wish to consider the support agreement. Such an agreement enables one of you to claim your mother as a dependent providing certain conditions are met.

Be sure to check this provision of the law as well as the other dependency tests, before you file your return next year.

Billed for Tax Already Paid Q. I've already paid a tax I've already paid. What should I do about it?

A. Return the bill along with a copy of your canceled check or money order.

If IRS receives payment that cannot be identified and this might have happened in your case. Another possibility is that your payment was received too late in our processing cycle to make the necessary adjustment in the billing notice.

A good practice to follow when paying a tax bill is to put your Social Security number on the check and to request a return of the notice with your payment.

50% Penalty on Unreported Tip Q. Is there any penalty for failing to report tip income to your employer?

A. Yes, there may be a penalty of up to 50%.

Q. If my gross income of \$20 or more a month while working for any one employer, then be sure you report it to this em-

men obviously could be carried to self-defeating extremes. But if there had been a healthy volume of contact and participation in past months and years, a disruption of this scope almost surely would have been averted.

Now that all have been shocked into greater attention to school matters, and the need for communications between as well as during crises, there is real hope for settlement of remaining issues without further breakdowns in the discussion process.

There is no guarantee of success because a Pandora's box of proposals has been opened. Some problems or supposed problems may be incapable of solution until there has been further national dialogue, policy decisions and understanding.

But if all Madisonians approach school affairs guided by the single question, "What is best for all the students?," a sound basis will have been established for educational peace and progress.

Safety Improvements Badly Needed At Edwardsville Road Crossing

The writer of a letter in today's Forum column, "Hazards at Crossing Need to Be Reduced," is right in urging that local governmental officials aggressively seek improvement of the road crossing on Edwardsville road south of 20th street.

A major increase in lighting of the highway and areas on both sides of it could help, along with installation of more audible warning signals.

And unless there is a basic revamping of the switching yard to reduce the sharp angle at which the tracks meet the roadway, switch trains approaching the crossing ought to slow almost to a halt before proceeding across.

Professional engineers who assume that all motorists are aware of their approach, particularly at times when visibility is below normal, are only kidding themselves. With the flashing red lights operating frequently when a train is near, it has become a habit for drivers to glance quickly to the right and left and then hurry past the crossing.

There cannot be any real doubt that the Edwardsville road crossing is unusually dangerous; many fatalities there come to mind, along with numerous instances of serious injury. Remedial steps should be taken.

Aid for Taxing Agencies in Keeping Up With Expanding Federal Rules, Programs

The East-West Gateway Coordinating Council's planned clearing house for governmental information could be of great value to Quad-City municipalities and districts, and we hope all take steps to make full use of it.

The number of federal laws, regulations and programs relating to advice, financing and coordination of local and regional projects is growing so rapidly that many local officials find it hard to keep adequately informed. The council's professional staff, employed jointly by the local-level governments, is now preparing to help them keep track and should be utilized.

Travel Expense Account Q. I have an expense account to cover the traveling I do for my company. How do I handle this for tax purposes?

A. The basic rule is that reimbursements and allowances you receive for expenses incurred in connection with your employment must be included in income.

However, if you are required to account to your company for your expenses and your reimbursement does not exceed these expenses, then you do not have to report them on your income tax return.

If you account to your employer for the purposes of this law, the excess must be reported as income on your return. But if you do not, you must report the reimbursements as income but deduct the expenses.

Yule Gifts to Customers Q. To help promote goodwill for my new business, I plan to give gifts to my best customers for the purposes of this law, the excess must be reported as income on your return. But if you do not, you must report the reimbursements as income but deduct the expenses.

A. The law limits the amount you may deduct on business gifts to a total of \$25 for any one individual during the tax year. The purpose of this provision, the customer and his spouse are generally considered one individual.

That means you can't give a \$25 gift to a customer and a \$25 gift to his wife and be able to deduct them both as a business expense.

Gifts which cost \$4 or less are not subject to this \$25 rule. The law also states that gifts permanently imprinted on them and they are distributed in quantity. This would cover items like pens and calendars.

The deprival of sleep and dreaming of these patients may be partially responsible for the visual and auditory hallucinations and delirium in the recovery room. These certainly subside when the patient is moved into a private room and allowed to sleep.

We must plan for the night time as well as the day time for patient care that insures the most healthful balance between three states of being: waking, sleeping and dreaming.

Sleep research could improve present practices by basing them on firmer knowledge of the sleep cycle and the states and which sleep should be controlled in the best interests of patients.

Fitness Class, Slim Gym Club Proving to be Popular

Women are getting special attention as the YMCA announces its fall and winter program for women.

Emphasis is being placed on a fitness class and the "Slim Gym Club" with Mrs. Betty Harmon, fitness director, conducting the "fun approach to sensible but effective figure control and conditioning."

The morning classes are from 10 to 11 o'clock and evening classes from 7 to 8 o'clock on Tuesdays and Thursdays, with baby sitter facilities provided on a cost basis for the morning class. About 75 women currently are enrolled.

In the "Slim Gym Club," women can exercise on their own during the club hours from 10 a.m. to 10 p.m. Monday through Friday and 9 a.m. to 7 p.m. on Saturday.

Available in the club are an exercycle, rowing machine, vibrator belt, pulley weights and other machines. The steam room and steam cabinet are available at scheduled times on Tuesdays and Thursdays.

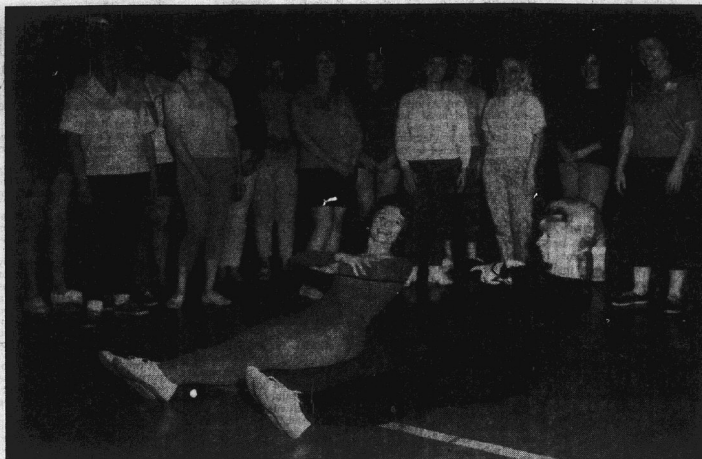

Swim instruction also is available from 11 a.m. until noon and from 9 to 9 p.m. on Tuesdays and Thursdays with baby sitter facilities at cost for the morning sessions. Beginners may start at any time. Forrest Cockrell schedules the classes.

Charges for the YMCA membership participation are \$1 daily, \$15 quarterly and \$30 annually for women 18 to 22, and \$1 daily, \$18 quarterly and \$45 annually for those 23 years and over. Steam charges are 75 cents extra.

Family swim sessions are provided for members or \$1 per adult and 25 cents a child for a single session. The family swims are held from 7 to 8:30 p.m. on Mondays and Fridays and from 2 to 3:30 p.m. on Saturdays.

Recreational swim sessions are — Adult coed, Monday through Saturday, noon to 1 p.m.; adult coed, Tuesday and Thursday, 9 to 10 p.m. and adult and high school coed, Monday and Friday, 8:30 to 10 p.m.

Also for women, there are judo, lifeguarding, scuba diving, free style dance, mother-child swim instruction which are offered periodically.

STRICTLY FOR WOMEN is the fitness class at the YMCA, conducted by Mrs. Betty Harmon (foreground, right), fitness director for women, who is demonstrating how to "battle the bulge" with a

class member, Marilyn Deatherage, before the group. About 75 women are attending the daytime and evening classes.

Building Permits Total \$289,428 In GC in Month

Thirty-three building permits issued in Granite City during November listed values of \$289,428.

The activity was less than that of October when 41 permits had values of \$315,548, but was far ahead of November of 1966 when 25 permits had values of \$69,878.

During last month, three permits were for new homes listing values of \$48,000; three were for additions to homes, \$6976; four for garages and carports, \$4125; 11 for remodeling and repairs, \$10,268; 10 for commercial-industrial purposes, \$184,807; and two were for miscellaneous purposes, \$25,252. In addition, two permits were issued to raise structures at a cost of \$350.

Setting the pace during the month was the permit for the new A&P supermarket in the Nameoki Village shopping center at a cost of \$180,653.

Permits were obtained during the last week of the month by William J. Pisel, 2444 Benton street, rebuild garage, \$1600; Guccione market, 2239 Madison avenue, a sign, \$500; Leo Coleman, a sign at 1412 Twentieth street, \$150; James Valicoff, remodel the Den tavern and restaurant, 2401 St. street, \$600; and Rozyczy Realty, raise buildings at 3901-11 Nameoki road, \$300.

Double Promotions For 3 GC Airmen

Three local servicemen who enlisted less than a week apart early this year have received double-promotions, according to word received by their parents.

Promoted to Airman First Class were William Sternberg and Terry Pierce, who are stationed at Keesler Air Force Base in Mississippi and Robert E. Edwards Jr., who is at Sawyer AFB, Mich.

AIC Sternberg's parents are Mr. and Mrs. Sidney Sternberg, 2316 Adams street, while AIC Pierce is the son of Mr. and Mrs. William Duke, 2748 Myrtle avenue. AIC Edwards is the son of Mr. and Mrs. Robert E. Edwards, 3100 Carlson avenue.

STEAM CABINET facilities are available to women in the YMCA class every Tuesday and Thursday evening. In the box is Pat Bussone, who has her towel adjusted by Mrs. Harmon, YMCA fitness director for women.

Carl Pashoff Returning To Vietnam at New Post

Carl N. Pashoff of Granite City, equipment specialist for the U. S. Army Aviation Materiel Command in St. Louis, left Friday for a second tour of civilian duty in Vietnam.

He was selected by the Army as contracting officer's representative for the Avionics Retrofit Program of all Army aircraft in Vietnam.

In his new position he will direct the work of servicing and maintenance of Army aircraft in all units of Southeast Asia, including Thailand, and will be headquartered at Saigon.

He completed his first six-month tour of duty in Vietnam May. He was a contracting officer's representative at Cu Chi, a combat area where he was under enemy fire on a number of occasions.

His work was the subject of a number of citations, including one from President Lyndon B. Johnson, and he received the Certificate of Achievement for his performance.

On one occasion he and his crew worked overnight to prepare an extra helicopter gunship for morning flight. The extra ship saved about 250 American lives.

He volunteered for his last tour of duty in Vietnam but was personally selected to handle greater responsibilities for another six-month period which will end on May 30.

Pashoff, a 1955 graduate of Granite City high school, has been a technical manual writer and editor, a contracting officer representative, a property

Venice Driver Named

On 3 Traffic Charges

Venice police arrested Roosevelt Smith, 31, Venice, on three traffic charges Thursday night following a high-speed chase in which officers said Smith ran two stop signs and drove so fast his car weaved from one side of Weaver street to another.

Smith was charged with careless driving in two counts and with reckless driving in another. He posted \$75 cash and his driver's license as bond pending a hearing in magistrate court Dec. 13. Police said they began chasing Smith on Mercedia street and he ran stop signs at Mercedia and Douglas and at Mercedia and College before they overtook him at Salveter and Allen streets.

County NFO Members To Attend Nat'l. Meet

Plans for attending the national convention of the National Farmers Organization in Louisville, Ky., Wednesday and Thursday were announced today by representatives of the Madison county branch of the organization.

Delegates of the Madison county NFO are Julius Reichmann of Alhambra and Erwin Wein of Edwardsville who left for Louisville yesterday to attend two days of pre-convention sessions.

"The convention will be the largest farm meeting in America and will follow the theme 'No Price - No Production.' The convention will be open to the public. Members of the NFO who are not official delegates will have a special section reserved in the convention hall.

Speakers will include U. S. Senator Milton Young, D-N.D., a long-time member of the Senate Agricultural committee; Homer Jackson of Rifle, Colo., manager of the Production and Credit Association; and U. S. Sen. George McGovern, D-S.D., also a member of the Senate Agricultural committee.

Plans for attending the convention were discussed in a meeting of the county organization at the Community Hall in Hannel. Members also heard a taped report by NFO President Oran Staley in which he predicted prices this year of 70 cents a bushel for corn, \$1.27 a bushel for wheat, \$1.23 a bushel for soybeans and 17 cents a pound for cotton.

These compare to present prices of \$1 for corn, \$1.30 for wheat, \$2.50 for soybeans and 28 cents a pound for cotton. The reductions will result from advances in technology and efficiency in farming methods, Staley predicted.

Two Traffic Charges

Jimmy L. Lahey, 712 Twenty-sixth place, was charged with speeding and with making excessive noise with his auto at 22nd and Adams streets at 10:15 p.m. Thursday.

Flowering Bulbs

Have you thought about growing your own potted tulips, narcissus or hyacinths?

It simply involves a cooling period in an outdoor cold frame then forcing the bulbs to bloom in your house.

It is rather simple, but requires some controls of temperature and a definite time interval.

Any of the bulbs offered by garden stores are ideal for indoor forcing. The supplies will include pots, bulbs and a little gravel and well drained soil.

A cool, well lighted, enclosed porch is helpful. If you can, prepare enough pots of bulbs to provide a new pot every two weeks from late February until spring. Purchase enough bulbs so the bulbs nearly touch each other when the pots are planted.

When potting, the tips of the bulbs should stick out of the soil. Use a quarter inch of gravel in the bottom of the pot to guarantee drainage. Poor drainage due to a plugged pot or packed soil will guarantee failure.

Outdoor storage of tulips and hyacinths requires a minimum of eight weeks and narcissus requires ten weeks or more.

A board frame is an ideal outdoor storage. Place the potted bulbs in the frame and cover the frame, and pots with sawdust to a depth of two inches.

Cover the sawdust pile with 12 inches of straw or leaves. This insulated outdoor storage will hold the temperature at 30-35 degrees, an ideal level for these bulbs to develop flower buds for spring flowering. If the bulbs are forced too soon they will not grow properly, and usually will not flower.

Both tulips and hyacinths require a minimum of eight weeks of cold storage. Longer storage is often beneficial in terms of days till flowering.

Bulbs stored the minimum of eight weeks will flower in six weeks, when the house temperature is controlled to 60-70 degrees and good light provided. Twelve week bulbs will flower in four weeks.

Narcissus require a minimum of ten weeks of cold storage, same as tulips and hyacinths. Longer storage will hasten the growth and flowering.

When the bulbs are potted and stored, they should be thoroughly watered before covering. When forcing, carefully maintain a good watering schedule and maintain a temperature under 70 degrees. Temperatures near 60 degrees will produce a better color and quality of flowers. Every two weeks remove another pot from storage for forcing.

How about paper white narcissus? There is a time period of several weeks, but the temperature requirement is 75 or above. Pot these and store them near your furnace until they begin to grow. Then move to the porch or cool bedroom with the others.

Household Visitors

The garden sow bug or pill bug is on the move into garages and basements.

This hard shelled insect is normally a garden or flower bed resident. Once inside, they

are harmless to clothing and furniture. As an outside resident, they feed on organic matter and roots of plants.

If you touch one, or threaten it, the sow bug will curl up to form a pea-sized pill.

Control involves a preventive spray to keep them away from the house (spray the foundation with diazinon or carbaryl) or use a fly swatter and dust pan.

A vacuum cleaner is another handy tool for indoor control.

Stumps, Stump Grinders

Would you like to get rid of an unsightly stump in your lawn?

Stump grinders can give you instant results. This is a large vertical saw that grinds up the stump.

When the job is complete, a shallow hole in the ground and a pile of fine chips is all that remains. When the hole is filled, grass can be planted, or sodded to complete the job.

These grinders are not common, but occasional nurserymen and tree companies offer the service.

Marketing Year Under Wool Act Ends Dec. 31

Farm producers are being reminded that the 1967 marketing year under the wool and mohair program of the National Wool Act ends Dec. 31.

M. Lee Rogers, office manager of the Madison County Agricultural Stabilization and Conservation Committee, said that payments for the current 1967 year will depend on completing all details of marketing either wool, mohair or lambs by that date. Marketings completed after Dec. 31 will become marketings in 1968 and not eligible for payments until early 1969.

Poorly Wrapped Gifts End Up in 'Heartbreak Hotel'

An area of the Granite City post office known as "Heartbreak Hotel" is the saddest place in the building the day after Christmas.

It is the area to which is consigned all the cards, letters and gift parcels that couldn't be delivered before the holiday because of illegible addresses, no addresses at all, or poorly packed parcels from which address labels or outer wrappings were torn.

And there are millions of them throughout the country, according to W. T. Overbeck, Granite City postmaster. Every card, letter or gift could be delivered, Overbeck noted, with a little care to addressing and more attention to gift wrapping.

Offers Suggestions

As a result, the postmaster offers these suggestions: Always write or print addresses carefully and use ZIP codes on all addresses. If you have trouble reading the address, post office workers will

have the same problem.

Use of first-class postage on greeting cards will make sure the mail is forwarded if the addressee has moved. Mail will be returned to you if it is poorly addressed or if there is no forwarding address. This is one reason for using the special five-cent Christmas stamp.

Cards sent by third-class mail which cannot be delivered will end up in the dead-letter office, one of the busiest corners of "Heartbreak Hotel."

Wrap packages neatly and well. A loose bit of wrapping easily is caught and ripped. Pad the gifts securely so there is no rattling and there is sufficient support for other packages. The sack carrying a glass cup may also have two or three bowling balls riding on top of it.

List Package Contents

"A card or piece of paper inside the package carrying your name and address and that of the person to whom the parcel is addressed will insure delivery in case the wrapping comes loose. A list of the contents will help postal 'rewrap' clerks in the event your package is poorly wrapped and breaks open," Overbeck said.

Place the address and return address on only one side of the parcel. Some people repeat the address on more than one side, but postal clerks have no time to check both sides of the parcel and if they look at the wrong side they assume postage is due.

"And one of the major requirements — Mail Early. This will give the post office plenty of time to get your package delivered before the holiday," the postmaster added.

CUB PACK 22 HONORS

TOP CANDY SALESMEN

Committee Chairman William Krause announced the winners in recent candy sales for Cub Pack 22 of Frohardt school during a meeting Wednesday evening at the school.

Prizes awarded for top ten sales went to Dale Anderson, Tom Mueller, Brian Lee, Tom Tarpoff and Eric Krause.

Top sales of the pack went to Andy Edwards, first, David Milton, second, and Jerome Ropac, third.

The meeting opened with the flag ceremony presented by the Webelo den. Earl Bumgar, commander, took the roll call and announced Den Eight had the largest attendance.

Awards Chairman Leonard Azorla presented 31 awards to 19 cub scouts.

National Summertime Park Awards with individual den flags and ribbons were given to denners of the pack.

Entertainment centered around the month's theme, "Around the World." Den Three, with its kazoo band accompanied at the piano by Mark Brustall, led songs pertaining to different countries.

Den Eight displayed a handmade paper mache world globe while singing "Wonderful World," accompanied by Craig Schulte and his accordion.

Games were played under the direction of Den Seven and refreshments were served by mothers of Den Eight.

The Christmas pack meeting will be held at the school on Dec. 12.

Train Blocks Broadway At Venice 22 Minutes

Assurances that Norfolk & Western trains will not block the Broadway crossing in Venice for more than ten minutes for any one train were given Venice police this morning after an N&W freight tied up traffic at the grade crossing for 22 minutes.

Police said motorists complained that the train pulled across the crossing at 7:13 a.m. and stopped moving two minutes later. The train remained unmoving until 7:30 a.m. and then took another five minutes to clear the roadway, it was reported.

Officers reported that when they reached the train, they asked a crew member why the train hadn't been broken to

permit traffic to go through. Police said the trainman told them, "If you don't like it, go fly a kite."

Police said they were preparing a complaint when Charles Glass, assistant superintendent, arrived at police headquarters. He conferred with Police Chief John Essington, who said Glass promised no further such blockages would occur and that all trains would clear the crossing within the ten minutes allotted by state law.

Essington said that complaints will be issued hereafter in any instance that a train blocks the crossing more than ten minutes.

Meat Inspections

Insuring a wholesome meat supply for American consumers is an important function of the U. S. Department of Agriculture.

This activity is carried out by the Meat Inspection and Poultry Inspection Services of USDA's Consumer and Marketing Service.

Federal meat and poultry inspection is mandatory for products which cross state lines, or move into foreign commerce. Presently, nearly 85% of the fresh meat, 87% of the fresh poultry and 79% of the processed meat and poultry products are inspected by USDA.

The percentages have steadily increased, as more plants throughout the country have come under federal inspection. Also, the amount of meat and poultry produced and sold has increased.

These factors produce a demand for more meat and poultry inspectors. Inspectors check animals immediately before and after slaughter to see they are disease-free and fit for human consumption. In processing plants, inspectors follow the products through every step in the line, insuring that no adulteration occurs.

Anyone with three or more years experience in the meat or poultry industry, or in handling livestock and poultry, may qualify as an inspector. College study in animal husbandry or related sciences is desirable but not essential to qualify for these positions.

Persons interested in this type of work are urged to con-

BEING WELCOMED to the second annual Illinois secretary of state's in-service training school for driver's license clerks in Springfield last week was Kathryn Macko of Granite City by Secretary of State Paul Powell. The sessions cover preparation of forms, new legislation, and financial and safety responsibilities.

The cost-conscious cattle feeder of the future will need to spend more time in planning, directing and controlling his farm business.

Cattle feeding profits depend mainly on the cost of feeder calves, the cost of gain and the price received at market time. The cattle feeder's ability to manager buying, feeding and selling aspects of his operation determines his net dollar return.

An essential part of each of these management functions is a complete farm record. Accurate records help the operator compute federal income taxes and recognize the strong and weak areas of his farm business.

Farm records — with good

estimates of costs and returns — can help operators plan building and equipment changes. Careful planning of costs and returns for the changed feeding operation helps avoid over-investment in facilities.

In most livestock operations, the time period when dollars invested in feeding facilities are to be recovered ranges from 5 to 15 years. During this time the manager can accurately project the demand for his product or the possible obsolescence of equipment he buys.

Illinois farm business records show that the average Illinois cattle feeder lacked about \$20 per steer to cover all his costs during 1964-65.

Either feeders discontinued the value of their labor, buildings or roughage or they borrowed from corn or hog profits to subsidize their cattle operation. Madison county cattle feeders, like the rest of the feeders in the state, have experienced the tight squeeze on beef enterprise profits in recent years.

Hubbell Metals Names Exec. Vice-President

A. John Higbee has been named executive vice-president of Hubbell Metals, Inc. which operates a plant in the Granite City Industrial Center, according to announcement by Howard H. Hubbell.

Mr. Higbee joined the 41-year-firm in 1947 and has served in financial capacities since that time. He was appointed treasurer in 1961 and in 1966 was elected vice-president of finance.

He received a Bachelor of Science degree in Commerce and Finance from St. Louis University and obtained additional education at Washington University, Harvard University and the Computer School of IBM. He served in the U. S. Navy and was discharged as a lieutenant in 1945.

Hubbell Metals distributes and does first processing services on carbon steel, aluminum, stainless steel, brass, copper and magnesium, and operates 11 plants. Offices are located in St. Louis.
